

Village of Boston Heights Residents,

On November 8, 2016, a five year **Road RENEWAL Levy** is on the local ballot. It is **Issue #26**. The monies generated from the levy will be used to continue the resurfacing of roadways, repair of drainage systems, village mowing, snow plowing and roadway maintenance.

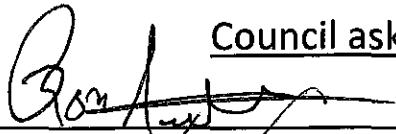

Being a renewal levy for a period of 5 years, 27.5 cents for each one hundred dollars of valuation is generated each year commencing in year 2017.

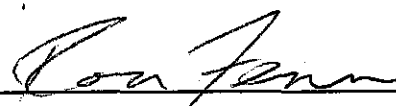

This levy will not increase your tax for roads but will allow the village to continue on a long term schedule for keeping village infrastructure maintained.

Your Mayor and Council asks for your vote to continue our road programs which will include:

- \*Repaving of Olde Eight Road
- \*Boston Mills Road {West} reconstruction
- \*Various culvert and ditching improvements
- \*Boston Mills and Hines Hill Paving {East}
- \*Brandywine & Walters Roads Paving

Council asks for your support
