Dear Wolcott Drive Residents:

We are very close to finalizing the contract with the new road construction company. There are a couple of minor details being worked out this week before the contract can be signed. However I wanted to let you know that the start or restart of construction is likely to begin the 3rd or 4th week of August (2024).

DiGioia Excavating out of North Royalton, OH is the company who will be doing the work. They are a very experienced and well-regarded road construction company. In fact, they were the 2nd lowest bidder in the original Wolcott Dr. construction project. They have assured us the project will be completed by late Fall, including the new asphalt on Wolcott Dr.

I know this has been a long and arduous process for all of you. I and all of Village Council appreciate your remarkable patience and understanding. If you have any questions, please do not hesitate to contact me at (330) 715-6780.

Best regards,

Ron
